Among all the great modern bards whose mighty intellects have thrilled and electrified mankind, SCHILLER towers pre-eminent. Not that we would ignore the just claims of others who vied with him for the wreath of immortality, yet we may truly say that none of his great rivals did as much as he for the cause of humanity. With the loftiest genius he combined the greatest moral purity, the glowing fervor of the reformer, and the world-embracing love of the philanthropist. His was the divine spark that kindled the ecstatic fire of thought and feeling; his were the soul-elevating strains that animated every bosom with love of virtue, truth and liberty. He never prostituted his God-giving genius to unworthy purposes; he never penned a single line that did not, directly or indirectly, aim at the social, moral and intellectual elevation of the human race. His great heart was all aglow with love for his fellow-men. Their sorrows were his, and his their joys. Hence the unparalleled popularity which he enjoys among the German people; hence the more than filial veneration with which they cherish his memory. It is not too much to say that, in Germany, SCHILLER'S works are read and admired by as many millions as GOETHE'S are by thousands. Certain it is that SCHILLER has exerted, and is exerting, a far greater influence upon the German mind than GOETHE; and we may safely say that no author, ancient or modern, has struck as deep and enduring roots in the hearts of the masses—Homer and Shakespeare alone excepted. To SCHILLER'S mighty influence, perhaps, as much as to any other cause, we may attribute the re-awakening national feeling and burning love of liberty which urged the Germans to rouse from the abject lethargy that had held them spell-bound so long, and to throw off the yoke of a foreign tyrant. No less obvious is the effect of his writings upon the gradually increasing desire of the Germans for national unity, a desire which reached its culminating point but recently, and led to the grand spectacle of a United Germany rising in majestic strength against the aggressions of an insolent foe, and to the achievements of triumphs the brilliancy of which is not eclipsed by anything that has been recorded in ancient or modern history.

Surely, then, a bard to whose influence such great results may, in part, be traced, must be worthy of the thoughtful consideration of every lover of sterling literature in every clime; and it is, therefore, a pleasing task to us to place before the American public these two volumes embodying *Schiller's Complete Works* in an English dress. This Eclectic Edition comprises not only the poems and dramas, but the historical, philosophical, æsthetical and critical productions of Schiller. It were supererogation to speak of the merits of the various translations which have been selected in the compilation of this work, for such names as Bulwer, Coleridge, Churchill, etc., are in themselves a sufficient guarantee for the superiority of their versions. The greatest care has been bestowed upon the arrangement of the material by the American editor, Dr. CHARLES J. HEMPEL, and we are confident that his labors will be duly appreciated. The day cannot be distant when the works of Germany's greatest and noblest poet, humanitarian, and champion of liberty, will be found in every public and private library in this country, and when the name of SCHILLER, like that of SHAKESPEARE, will be a household word in every cultivated American family.

P. S.—Directors of *Lyceums, Schools*, and all concerned in the management of public libraries, will find in the Eclectic and Perfect Edition of SCHILLER'S WORKS a book well fitted for their readers.

Ladies' and Gentlemen's Reading Clubs and Circles have decided on the superior excellence of SCHILLER'S WORKS as peculiarly adapted to their wants.

Competent literary authority has long declared SCHILLER to be the first of modern poets who have written in any other language except English. As a historian, he has no equal in the present century. Who would remain ignorant of the works of such an author, when they may be obtained at such a price as that for which these volumes are offered?

As a *gift*, either to a gentleman or lady, SCHILLER'S WORKS will be found to be always acceptable, and appropriate to every occasion. A more complimentary present cannot be made to any person possessed of the slightest claim to taste and refinement.

More than one of the single works of Schiller actually sells at a higher price than is asked for the entire series in this edition!

Out of the English language no author whatever has a claim prior to that of SCHILLER on the general reader, and it is very certain that no foreign writer has enjoyed such a vast popularity.

N. B.—The above Work is also published in 24 Parts, on Toned Paper, at 25 Cents per part, which will enable many to purchase this most valuable edition of SCHILLER ever offered the English reading public.

Das classische Werk "Schiller und seine Zeit," von Johannes Scherr, ist in einer neuen billigen Auflage bei mir erschienen.

Wir müssen das Leben und den Character Schiller's nach treuer Darstellung kennen, um den Schriftsteller ganz zu würdigen; denn seine Schriften sind das Spiegelbild eines reinen, fleckenlosen Lebens und einer edlen, für alles Grosse und Gute begeisterten Seele einer Welt der "Ideale" in der Brust eines Menschen; da ist keine Heuchelei, kein freventliches Spiel mit Grundsätzen, kein unlauterer Ehrgeiz nur Wahrheit.

Und weithin zeichnet sich das Buch Scherr's vor allen ähnlichen aus; Viele haben versucht, den zu schildern, an den sie nicht heranreichen.

In leicht fliessender, anmuthiger, fesselnder Weise zeichnet der Verfasser mit scharfem Blick und feiner Feder Menschen, Verhältnisse und Dinge. Eine Zeit, in die noch die Ruinen des Mittelalters hineinragen, die letzte Zeit des Zopfes, die Periode einer ungeheuren französischen Revolution, die das Alte auslöscht und die Gesellschaft umgestaltet, und die Stellung und das Wirken unseres Luther's; diese Zeiten und dieser Wechsel ziehen in schönen Bildern an uns vorüber.

Scherr macht nicht gleich Andern aus dem Leben unseres mannhaften Dichters einen empfindsamen Roman; er giebt uns das an und für sich Reiche mit geschichtlicher Treue; er treibt auch keinen Götzendienst mit seinem Helden und stellt Andere in ungerechten Schatten; er giebt uns eine gehaltvolle Kritik, die Denjenigen, der sich selbst nicht schmeichelte, nicht durch übertreibende Huldigungen herabsetzt.

Ich kann dieses Buch aus meinem Verlag empfehlen, mit der vollen Ueberzeugung, dass Jeder es ohne erschlaffendes Interesse durchlesen und oft dazu zurückkehren wird, um Unterhaltung und Belehrung zu suchen.

SCHILLER'S COMPLETE WORKS.

EDITED WITH CAREFUL REVISIONS AND NEW TRANSLATIONS.

BY CHARLES J. HEMPEL, M. D.

TWO VOLUMES, IMPERIAL OCTAVO

WITH ILLUSTRATIONS BY THE BEST GERMAN ARTISTS.

WHAT THE LEADING JOURNALS SAY:

Mr. Kohler is the publisher who first gave to the English reading public a complete edition of all the works of Schiller in an English dress; another Philadelphian, Dr. Chas. J. Hempel—who is a thorough master of both English and German—being the editor, the translator of some of the minor poems into excellent English, and the author of an admirable and comprehensive biography of Schiller, which appears in the first volume. The two large octavo volumes contain over six hundred pages each, of all what Schiller wrote for the public, including some fragments and some posthumous writings. The translations are those of the best English writers, etc.—**Evening Bulletin.**

The editor of this edition, Dr. Chas. J. Hempel, has thus been able to select the best translations for each portion of his book. He gives Lord Lytton's graceful version of the poems and ballads; Churchill's "Camp of Wallenstein;" Coleridge's "Piccolomini," and "Death of Wallenstein;" Theodore Martin's "William Tell;" Mellish's "Mary Stuart;" Lodge's "Bride of Messina," and so on. Bohn's well-known editions being drawn on largely for the translations of the prose works. We have thus the best attainable versions of all of Schiller's writings in a single publication. The work is sufficiently well printed and illustrated by numerous wood-cuts from German designs.—**The Times.**

This is truly a splendid work. Editor, artist and publisher, all have combined to produce a complete edition of Schiller that will henceforth command the admiration of all lovers of his writings. In Germany Schiller is said to be far more popular than Gœthe. His writings, in so many different keys, are certainly miracles of genius. He excelled as historian, essayist, poet and dramatist. To Americans he is not nearly so well known as he deserves to be. He was of democratic origin—a man of the people,—a self-made man. He was an apostle of liberty, patriotism and virtue, a philanthropist, and an ecstatic fire of genius characterized all that he wrote. His purpose was to elevate his readers intellectually and morally. He is the Shakespeare of Germany. Such a writer is worthy of the splendid edition of his complete works now under review. No other edition of Schiller equals this in either completeness or beauty, and is issued in various styles. Schiller's works will be a valuable addition to any library, and we have no doubt the enterprise and artistic skill of the publisher, Mr. Kohler, will be adequately rewarded by the ready sale with which this work will meet. We take pleasure in thus inviting attention to it, since it is perfect in every particular, leaving absolutely nothing to be desired.—**Episcopal Register.**

This is a new and improved edition of the only complete English version of Schiller's writings that has ever been published. It includes everything that Schiller wrote, except the translations from foreign languages, which, of course, could not with propriety be included. Of the importance of such a publication as this it is not necessary to speak. Schiller was a great poet, a great dramatist, and a great historian, and wrote little or nothing that did not bear the stamp of genius or that was not worthy of preservation. It must have required considerable courage on the part of both editor and publisher, ten years ago, to prepare a complete English edition of his writings, and the issue of the new and improved edition is a gratifying indication that the venture was not an unsuccessful one.—**The Evening Telegraph.**

The great German author, some of whose works have been frequently translated into English, has never before been presented to the English readers in a work of this kind, including translations from all of his original writings, many of them by leading English writers. The editor who translated the shorter poems, epigrams, etc., for the purpose of making the work complete, has very properly selected the best translations hitherto published from the works of Coleridge, Bulwer, Morrison, Martin and Churchill. The book is printed in one- and two-volume editions and includes a wide range of subjects—poems, plays, philosophical essays, histories, political dissertations, stories and sketches. It is neatly printed, illustrated with wood-cuts from celebrated compositions by German artists, and attractively bound.—**Public Ledger.**

A volume containing the complete works of Schiller, edited, with revisions and some new translations, by Chas. J. Hempel, M.D., has been issued by Ig. Kohler, Philadelphia. It is very complete, omitting only Schiller's translations from foreign languages; is accompanied with numerous full-page illustrations, and is printed in clear and legible type.—**New York Herald.**

This edition of the great German poet's works is the most complete published in English. The text is based upon that of "Bohn's Library" series. It includes Coleridge's and Theodore Martin's admirable poetical translations, and literal translations by the editor and others. The volumes are well printed and full of excellent illustrations by German artists.—**The Press.**

Mr. Ig. Kohler, 911 Arch Street, well known as the German publisher and bookseller of Philadelphia, has conferred a great obligation upon those who do and those who do not understand the language in which Schiller wrote—Schiller, dramatist, historian, lyrist, translator, novelist and university professor. Among his earlier works was the rendition of Shakespeare's "Macbeth" into German, for the German stage. In return his own works, rendered into our Anglo-Saxon tongue, have been adapted by various eminent translations into the literature of America and Britain. They occupy two volumes, containing twelve hundred and eighty-two pages, imperial octavo, edited by Dr. Chas. J. Hempel, who has supplied several new translations, with careful revisions of the whole collection, some necessary notes and criticisms, and a highly interesting and accurate biography.

Our own preference for Schiller over Gœthe has often been avowed. The former, who was student and author during his whole life, lacked the pushing, business spirit of his friend, who fastened himself as a library appendage on the little court of Weimar; became a well-to-do citizen, with honors, title, etc., and died in 1832, aged eighty-three. Schiller's life was a long struggle, not alone for fame, but for subsistance. He died in 1805, aged forty-six, and all that he wrote was composed in twenty-two years, from 1783 to 1805.

The translations of this Kohler complete collection of his works were made by some of the ablest literati, such as Coleridge, Carlyle, Bulwer, Browning, Thompson, Churchill, Theodore Martin, Lodge, Morrison, and our own Dr. Furness.

The engravings, including portraits as well as dramatic, poetic and historic scenes, really *do* illustrate the prose and verse of Johann Christoph Friedrich Schiller, a man who, probably more than any other writer, has stamped his name on the literature of Germany.—**The Evening News.**

These volumes present for the first time Schiller's complete works to the American public in the English language, omitting nothing but Schiller's own translations. These translations are: "Iphigenia in Athens," and fragments from other plays of Euripides; "The Destruction of Troy," and "Dido," from the Æneid; "Phædra," from the French of Racine; "Macbeth," "Turandot," (Princess of China), from the Italian of Gozzi; "The Parasite, or the Art of Making One's Fortune," from the French; and "The Nephew as Uncle," from the French of Picard. The first volume opens with a sketch of the life of Schiller, and proceeds then with his prose, following with the dramatic works, including his own preface to the plays. The editor introduces the second part with a second valuable preface, and asks special attention to its historical portions.—**Progress.**

This work is in two large octavo volumes, beautifully illustrated, and printed in clean type, making nearly thirteen hundred pages. The selections, under the editorial control of Dr. Chas. J. Hempel, have been made by the best translations by S. T. Coleridge, E. L. Bulwer, Mellish, J. Churchill, and others. Competent literary authority has deservedly declared Schiller to be the first of modern poets in any language other than English. Mr. Kohler, in this edition of Schiller's works, is to be accredited with the publication of the best English version that has yet been presented. The low price of the work places it within the reach of all.—**The Philadelphia Record.**

A new and revised edition of Schiller's works has just been published by Ig. Kohler of Philadelphia. It comprises the poems, dramas, historical and other writings of the great author, and the translations selected are those of Coleridge, Bulwer, Martin, Morrison, Churchill, Hempel, and others. A new feature are the fifty-six full-page illustrations, of much artistic merit, to which, however, justice has not been done in the printing. The works of Germany's greatest and noblest poet, humanitarian and champion of liberty are worthy of a place in every public and private library, and the name of Schiller, like that of Shakespeare, should become a household word in every cultivated American family.—**The Literary News.**

So far as we know this is the first presentation of Schiller's complete works to the American public in the vernacular. With the exception of his translations from the French and Greek, which were judiciously excluded, these two volumes contain everything that Schiller published and acknowledged. They are welcome. While his popularity in Germany is second to that of no other writer, and is far greater than that of Gœthe, in foreign countries, and especially in the United States, the author of "The Robbers" is admired at a very respectful distance. Even well-educated people take his greatness on credit. They acknowledge that Schiller was a wonderful genius, but they will not take pains to verify their eulogy. No doubt, Schiller would have been more widely read, had he been more generally accessible, but though many translations have been made from isolated pieces, they have not before been collected and laid before the public in a cheap and convenient form. The publication of the volumes under notice is really the first introduction of Schiller to American readers.—**The North American.**

SCHILLER AND HIS TIMES

BY

JOHANNES SCHERR.

TRANSLATED FROM THE GERMAN

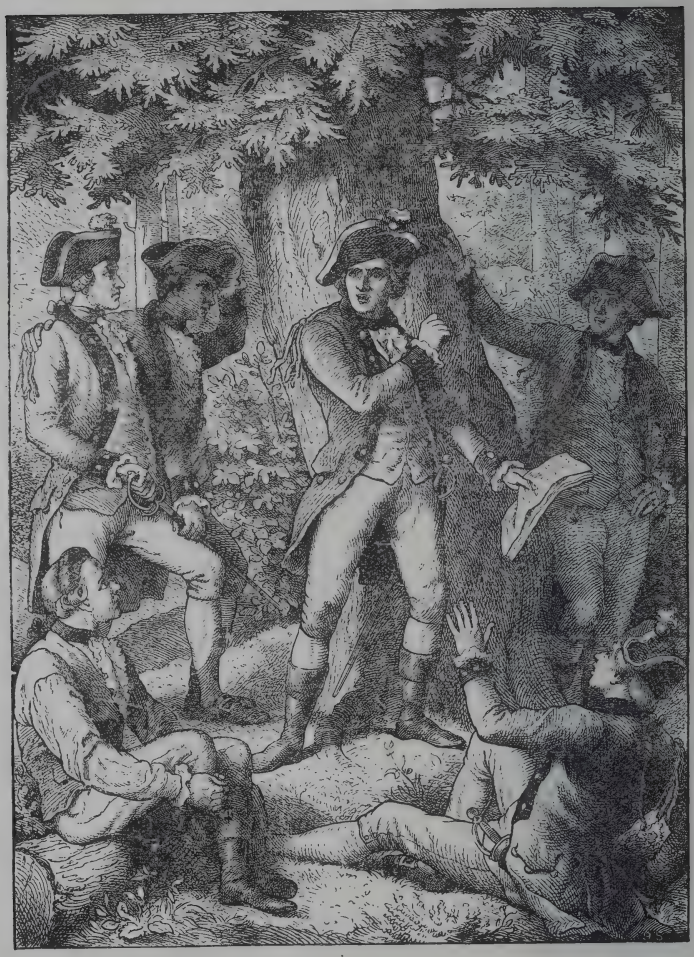
BY

ELISABETH McCLELLAN.

About 500 pages, with Illustrations.

Price, on fine toned paper, bound in cloth, extra, black and gold, and gold centre $2.00.

In SCHILLER'S WORKS we find mirrored a pure and unstained life and a noble mind attuned to all that is good and great, but only a careful picture of his life and character can teach us fully to appreciate him as an author.



And such a picture we find in Dr. *Scherr's* book which far excels all others of the kind.

In a graceful, animated and interesting style the author has drawn for us, with a keen glance and a delicate pencil, men, circumstances and things. Times in which the ruins of the middle ages were still conspicuous, the last days of the queue, the period of that tremendous Revolution in France which demolished the old and set up a new society, and the attitude and influence of our Luther are brought vividly before us in a series of fine pictures.

Scherr has not, as many others have done, made a sentimental novel out of the life of our manly Poet; he has adhered to historical truth, and instead of making an idol of his hero and placing others in an unfair shadow, he has given us an ample critique which does not degrade by exaggerated homage one who never flattered himself.

I feel assured that every one will read this book through with unflagging interest and often turn to it again for entertainment as well as information.

PERIODICALS.

THE AMERICAN JOURNAL OF THE MEDICAL SCIENCES,

EDITED BY I. MINIS HAYS, M.D.,

Is published quarterly, on the first of January, April, July, and October. Each number contains about two hundred and eighty large octavo pages, appropriately illustrated, wherever necessary. It has now been issued regularly for over *fifty* years, and throughout this long period it has maintained its position in the highest rank of medical periodicals, both at home and abroad, with a circulation extending to every country in which the English language is read.

Price Five Dollars ($5) per annum, in advance.

THE MEDICAL NEWS AND ABSTRACT

Is published monthly, commencing with January 1st, 1880, being a consolidation of the two well-known journals "The Medical News and Library" and "The Monthly Abstract of Medical Science."

The "News and Abstract" consists of sixty-four octavo pages, in a neat cover. It contains a Clinical Department, in which will be continued the series of Original American Clinical Lectures, by gentlemen of the highest reputation throughout the United States, together with a choice selection of foreign Lectures and Hospital Notes and Gleanings. Then follows the Monthly Abstract, systematically arranged and classified, and presenting five or six hundred articles yearly; and each number will conclude with a News Department, giving current professional intelligence, domestic and foreign; the whole fully indexed at the close of each volume, rendering it of permanent value for reference.

Price Two Dollars and Fifty Cents ($2 50) per annum, in advance.

☞ **PREMIUM FOR ADVANCE PAYMENT.**

Subscribers paying $5 in advance will receive both the American Journal of the Medical Sciences and the Medical News and Abstract, free of postage, for one year.

THE OBSTETRICAL JOURNAL OF GREAT BRITAIN AND IRELAND

Is published monthly, each number containing about sixty-four octavo pages, very handsomely printed. The publication of the "Obstetrical Journal" was commenced in April, 1873; and the continued cordial support given it by the profession shows how thoroughly it reflects the advanced position of the specialty it represents.

With the issue for January, 1880, the American Supplement was omitted, and the subscription price reduced from Five to Three Dollars per annum. For this trifling sum the subscriber will thus obtain more than 750 pages per annum, containing an extent and variety of valuable information which it would be difficult to find elsewhere.

Price Three Dollars ($3) per annum, in advance, or 25 Cents per Number.

Remittances can be made by Bank Draft, P. O. Money Order, or Registered Letter at the risk of the publishers.

Net Cash Rates to Dealers furnished on application.

"The twelfth volume of the sumptuous edition of Charles Sumner's works which Lee and Shepherd are publishing is now ready, and is being distributed to the subscribers. It is a volume of more than common interest. It contains the monograph entitled 'Prophetic Voices concerning America,' hitherto published separately; 'Are we a Nation,' the thoughtful and important address delivered at the Cooper Institute in New York in 1858; a half dozen speeches concerning the impeachment of Andrew Johnson, delivered in the Senate Chamber; an address on 'Financial Reconstruction through Public Faith and Specie Payments,'—a subject of quite as vital interest now as when delivered; and an address on the Issues of the Presidential Election of 1868, which was delivered at City Hall, Cambridge, in October of that year. There are a number of brief letters and speeches on various political subjects, which bring the volume up to nearly five hundred and fifty pages. Three more volumes will complete the publication."—*Boston Journal.*

One of the most interesting and instructive Educational Documents ever published—N. Y. Tribune.

REPORT OF EXAMINATIONS OF SCHOOLS

In NORFOLK COUNTY, MASS.

This is a pamphlet of 167 pages, containing a report made by GEORGE A. WALTON, Agent of the Massachusetts State Board of Education, on the Reading, Writing and Arithmetic in the schools of twenty-four towns in a section of Massachusetts.

These examinations are made to secure reliable information of the elementary work doing in the schools. The pamphlet contains a definite statement of the plan and results of the examinations of over three thousand children, and is a model of simplicity, and may properly be made the basis for examinations in all parts of the country.

The report has an introductory by the Committee on the Examinations, and a KEY TO THE TOWNS AND SCHOOLS EXAMINED.

It contains 80 pages of lithographs, *fac-similes* of hand-writing, showing the average rank of the pupils in the several towns, and the best and poorest work in the county.

The great demand for its publication will be seen by the following among numerous extracts which might be taken from correspondents in different parts of the country:—

From the NEW YORK DAILY TRIBUNE, March 16, 1880.

"As a general rule, the reports of Boards of Education are far from being interesting reading. It would not, in fact, be going too far to say that they are the dryest of dry public documents, and would never see the light, or see it only in the most condensed forms, were it not for the existence of the institution known as state printers. Now and then, however, at rare intervals, one appears which forms an exception to this rule; and such an exception is the just published Forty-third Annual Report of the Massachusetts Board. Unless we are greatly mistaken, one portion of that document is destined to make a decided sensation in educational circles throughout the country. We refer to the special report of George A. Walton, one of the agents of the Board, on the examinations of the Norfolk County Schools.

* * * * * * * * * * * * * * * *

The actual result is now presented by him in a form, so far as we know, absolutely novel, and his report constitutes one of the most interesting and instructive educational documents ever published. Here at last we have, not Mr. Walton's or any other examiner's personal conclusions, and general statistics, but the results themselves. * * * * *

The examinations were thoroughly sensible in that they were limited to the proper scope of common school education—the elements of knowledge. They did not attempt to go beyond 'the three R's.' The object was to show simply what results, so far as teaching how to read, write and cipher is concerned, were now attained through the common school system."

From the CHICAGO TIMES, March 22, 1880.

"The great excellence of the report—the one exceptionable feature in it which makes it unique and invaluable—is, not its extent, however, but its method. It presents facts, not opinions. It is as if the roofs were taken off from the school houses of Norfolk county and we could look right down into them. What the children actually did under the tests which were applied is here spread in detail before us, and any supervisor, superintendent or teacher throughout the country subjecting his or her scholars to the same tests can measure the results with those here given, and see how they compare with what is obtained in Massachusetts. There is no escape from the conclusions thus reached. The widest possible circulation should, therefore, be given to this document, and it would be a good thing if an edition could be obtained by our educational department sufficient to place a copy in the hands of every school teacher in the west."

From the BOSTON JOURNAL, Feb. 18, 1880.

"Mr. Walton's report is one of the most unique and valuable contributions to the literature of education lately published. More than fifty pages of it are taken up with fac-simile reproductions of the written exercises of various pupils, graded as poor, average and best, which bring at once before the eye the work of the scholars as it left their hands. The contrast between the work done by scholars of the same age, engaged in the same task, is astonishing and instructive."

From the CONGREGATIONALIST.

"Here is evening reading for a family, with laughter and reflection. The remarks made by Mr. Walton upon training in 'silent' reading, with reference to capacity for laying hold on what is read, will open, we suspect, a new field of thought to some teachers and parents."

From the SPRINGFIELD REPUBLICAN, March 1, 1880.

"It is an honest effort to get at the actual proficiency of pupils, and let it stand for what it is worth. * * * We are glad to find the ecclesiastical authorities disposed to display the defects of the schools rather than to indulge in complacent laudation."

From the NEW ENGLAND JOURNAL OF EDUCATION.

"Spite of the suppressed grumble of an occasional committee man, we believe Mr. Walton's report of Norfolk county school-keeping the most thorough exposé of the weak side of our county school administration ever made, will be welcomed by every genuine teacher and friend of the schools in that locality. For, along with much that is discouraging, it reveals a new kind of vitality in school work, and a waking-up of the best people to improved methods of training children, which is full of hope for the future.

* * * * * * * * * * * * * * * * *

Every teacher in America should buy, study and inwardly digest this admirable little pamphlet. No man in the country has done so valuable a thing, within the past year, as Mr. Walton in writing it."

EXTRACT FROM PREFACE TO THE FOURTEENTH EDITION.

"The last edition of the United States Dispensatory was published in 1870. Since that time not only has the growth of pharmacological science been very great, but there has also been promulgated a new edition of the United States Pharmacopœia and a supplement to the British Standard. The additions and alterations which have thus been necessitated in the first and second portions of the present volume are numerous and important."

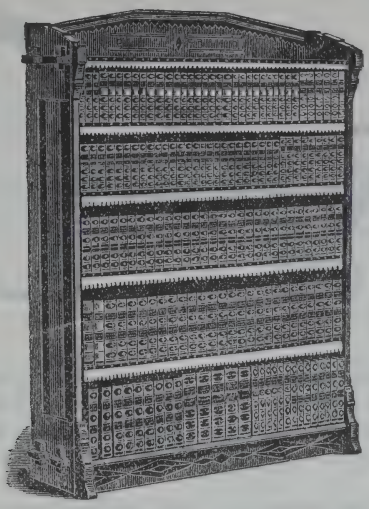
LOCKWOOD'S

*FIELD PORTFOLIO.



[THE INVENTION OF MRS. J L RICHARDS.]

This Portfolio is designed for use in gathering ferns, flowers, leaves, and other botanical specimens, and bringing them in perfect condition from the places where they are found. The large size is 14 by 20 inches in size, and contains 24 pages of heavy white porous paper, with a sheet of gummed paper so perforated as to be easily torn into strips any desired length. These strips are to be used as confining straps for the specimens, holding them securely in place till the time comes for their removal. This arrangement obviates all necessity for knife or scissors.

The portfolio is light, can be easily carried by ladies or children, and contains everything that is required. The strong sides are firmly fastened by elastic straps and hooks. It forms a most agreeable substitute for the awkward and clumsy old blank or account books with which gatherers of ferns and flowers have in the past been compelled to bnrden themselves. Every one who sees it will want it.

Large Size, 14 x 20 inches, Half Cloth, Paper Sides, $1.50. . . . . Cloth, $2.00.
Small " 12¼ x 17¼ " " " 1.25. . . . . " 1.75.

*THE ASTRONOMICAL LANTERN.

Those who have studied astronomy by means of a globe or atlas know how difficult it is to remember the exact position of the stars while passing from the lighted room out of doors, to compare the map with the actual constellations. This difficulty is fully obviated by our

ASTRONOMICAL LANTERN,

prepared by Dr. James Freeman Clarke. He has devoted several years to perfecting his invention, and preparing a Manual to accompany it. The Lantern is of japanned tin, the face (6½ by 10 inches in size) being of ground glass, behind which lights are placed. Thirty-two constellations are lithographed upon slides of semi-transparent cardboard, with blue ground, and stars of four magnitudes are represented by perforations of proper size.

The Manual is designed to accompany the Lantern, but is not a necessity, as any work on astronomy may be used. It contains clear explanations of the constellations, and as much information as is found in some of the larger books. The maps have been prepared under Dr. Clarke's personal supervision; and the plates, being photographed from the original drawings, are correct in every particular. The Lantern can be used out of doors, and the student can instantly refer from the map to the sky.

The former price of this Lantern was $6.00; we now offer it, in improved form, with 17 slides and the Manual, for $3.50.

WORKS AT ROUSES POINT, N. Y.

JOHN WURTELE LOVELL,

14 & 16 Astor Place, New York.

AUGUST, 1880.

MR. LOVELL takes much pleasure in calling the attention of the trade and others to the following list of his STANDARD PUBLICATIONS. Commencing but two years ago with the publication of Knight's History of England, through the large support accorded him by the Trade—for which he would now return his sincere thanks—his List has extended until it includes many of the best publications in the English language, embracing the works of such authors as—

DICKENS,	*CHAUCER,*	*SHAKESPEARE,*	*TENNYSON,*
THACKERAY,	*SPENSER,*	*MILTON,*	*WORDSWORTH,*
SCOTT,	*LYTTON,*	*BYRON,*	*COLERIDGE,*
MACAULEY,	*ADELAIDE PROCTER,*	*MOORE,*	*BURNS,*
GIBBON,	*MRS. HEMANS,*	*POPE,*	*SHELLEY,*
HUME,	*ELIZA COOK,*	*COWPER.*	*HERBERT,*
KNIGHT	*OWEN MEREDITH,*	*CAMPBELL,*	*THOMSON,*
ROLLIN,	*JEAN INGELOW,*	*CARLETON,*	*ROGERS,*
PLUTARCH.	*GOLDSMITH,*	*BUNYAN,*	*KIRKE WHITE,*
TAINE,	*DRYDEN,*	*HOOD,*	*KEATS,*
MISS PORTER,	*DANTE.*	*SWIFT,*	*DEFOE,*
	JULES VERNE,	*LAMB.*	*And many others.*

Observing that most of the cheaper editions of these works were imported from England, he determined to issue them here in such styles, and at such prices as to render their further importation unnecessary and unprofitable. Possessing extensive works at Rouses' Point, N. Y., he has made entirely new electrotype plates of the books, thus keeping many people employed in making plates, paper, printing and binding. He invites comparison of his books with any others made here or abroad—assured that his editions will be found superior in many respects. He therefore feels justified in asking the Trade to give his editions a preference over those of Foreign Manufacture, and thus endorse his enterprise and "Encourage Home Manufacture."

The publisher feels justified in inviting attention briefly to a few points in which the present "Arundel Edition" possesses a very marked and decided superiority over any other that has at any time been issued in a similarly compact and convenient shape. *It is complete.* The importance of this claim will be conceded when we mention the fact, which can be proved by any reader for himself, that scarcely any of the so-called "complete editions" (even among those designed for scholars), are really complete and unabridged. One edition professing to be complete, actually omits "Childe Harold" and "Don Juan"; but while this is an extreme (and we hope solitary) case, may be affirmed without qualification that all the cheaper editions are incomplete, only differing from each other in respect to the particular pieces omitted. For example, the well known Nimmo (or Edinburgh) edition omits more than half the "Occasional Pieces" (63 out of 123); it omits "The Prophecy of Dante" and "Francesca of Rimini;" and it omits from the dramas (of which there are only eight in all) "Sardanapalus," "The Two Foscari," "Werner," and "The Deformed Transformed"—two, at least, being among the best. The present edition contains every piece that has ever been included in the best standard editions.

This edition has been prepared at a large expense expressly to meet the demand for a really good and cheap edition of this standard work. The type is new, clear, and readable, the paper of a good quality, the size the now popular 12mo, and the binding neat and durable. The price has been made very low to ensure a large sale, and will commend the work to all those desirous of possessing the best History of England extant.

Attention is directed to the following opinions of the work, particularly to that of President Porter, of Yale College.

"The *best* History of England for the general reader is Knight's Popular History in eight volumes. It comes down to the death of Prince Albert, and is a history of the people as well as of courts and the cultivated classes. It is a history of manners and of literature, of the arts and of commerce, as truly as of the politics and the wars of the empire. . . . . Its tone is quiet and cool. Its summings up are deliberate and dispassionate. It is written, indeed, in the interest of freedom, of progress, and of toleration. It sympathizes with the people rather than with their rulers, and with free principles and free institutions, as against the defenders of prerogative and of tradition, but it aims to be neither violent nor one-sided. We think, therefore, that for a single history which may serve for constant use and reference in the library, or for frequent reading, it is to be preferred to every other."—*Noah Porter*, D.D., LL.D.

"We very cordially recommend these volumes to the readers whom they may seek. We know of no History of England so free from prejudice; so thoroughly honest and impartial; so stored with facts and fancies; and therefore none so well adapted for school or college as this."—*London Athenæum.*

LOVELL'S EDITIONS OF THE POETS.

RED LINE EDITIONS.

12mo. size, full gilt side and back, gilt edges. Price, per volume..... ..... $1.25

These are, without doubt, the finest editions of the Poets ever issued in this country at a low price. The plates are all new, beautiful clear type, the paper very good, and the binding the best and handsomest that could be designed. The list is already a large one, affording a wide assortment. In most cases the works will be found more complete than the Foreign edition, as, on account of the copyright on many of the Poems not having yet expired, the English publishers are prevented from printing all the poems of many of the best authors. In the case of still living authors, care will be taken to add any new poems that they may publish to each new edition issued.

The following volumes are now ready. The list will be added to from time to time.

ARUNDEL EDITIONS OF THE POETS.

These are very handsome editions, small 4to size, beautifully printed on fine paper, large type, bound in very handsome style.

The following are now ready :

Shakespeare. The Complete Works of WILLIAM SHAKESPEARE, arranged in their chronological order, edited by W. G. CLARK, and C. ALDIS WRIGHT, with an introduction to each play adopted from the Shakesperian Primer of Prof. DOWDEN; beautifully illustrated by Sir John Gilbert, R.A.

1 vol. 4to, 1,220 pages, cloth, black and gold $2.00
1 " " " gilt back and side, gilt edges 2.50

The "Arundel Edition" is printed in larger, clearer and more readable type than any other cheap Shakespeare that has been made: for instance, its type is twice as large as that of the well-known "Globe Edition," which, while useful to "consult," as Mr. Furnivall says, "is simply unendurable to read." It contains the full text of Shakespeare, as fixed by the latest authorities, unabridged and unaltered. The lines are numbered so as to facilitate reference—a feature in itself, so important, that, in conjunction with its plain type, will propably cause "The Arundel Shakespeare" to supersede all others for popular use. The introductions present in a precise and easily intelligible form the latest results of Shakesperean criticism and research, as regards the chronology of the plays, the sources from which they were derived, and the circumstances under which they were written. These Introductions are a special feature of this edition.

Byron. The Poems and Dramas of LORD BYRON, reprinted from the Original Editions, Complete and Unabridged. With Life of Byron, Explanatory Notes, etc, Richly illustrated from drawings by Sir John Gilbert, R.A., W. J. Linton, Birket Foster, Henry Dalziel, Kenny Meadows, and Tablot K. Browne.

The main features of this edition are :

It is complete. **Its Illustrations are appropriate.**

Its Text is pure. **Its Typography is good, large and clear.**

It is fully equipped with notes.

1 vol., small 4to, cloth, black and gold..... $1.75

1 " " " gilt, back and side, gilt edges..... 2.25

The publisher feels justified in inviting attention briefly to a few points in which the present "Arundel Edition" possesses a very marked and decided superiority over any other that has at any time been issued in a similarly compact and convenient shape. *It is Complete.* The importance of this claim will be conceded when we mention the fact, (which can be proved by any reader for himself,) that scarcely any of the so-called "complete editions" even among those designed for scholars, are really complete and unabridged. One edition, professing to be complete, actually omits "Childe Harold," and "Don Juan;" but while this is an extreme (and we hope solitary) case, it may be affirmed without qualification that all the cheaper editions are incomplete, only differing from each other in respect to the particular pieces omitted. For example the well-known Nimmo (or Edinburgh) editions omits more than half the "Occasional Pieces" (63 out 123); it omits "The Prophecy of Dante" and "Francesca of Rimini;" and it omits from the dramas (of which there are only eight in all) "Sardanapalus," "The Two Foscari," "Werner," and "The Deformed Transformed"—two, at least, being among the best. The present edition contains every piece that has ever been included in the best standard editions.

The following are issued in uniform style with Shakespeare and Byron. Being printed from new plates, large clear type, on fine paper, handsomely illustrated, they form the finest line of fine gift books ever offered in this country at a low price.

Small 4to size, cloth, gilt..... $1.50

Evangelical Lutheran Theology (The Groundwork of a System of). By Samuel Sprecher, D. D., LL. D., Professor of Systematic Theology and Mental Philosophy in Wittenberg College, Springfield, Ohio. 8vo. Cloth. 502 pages..... $2 75
"A book for the laity as well as for ministers."
The opinion of the distinguished Apologist, Joseph Cook, published in the *Lutheran Observer:*

"The Evangelical Lutheran Theology has been, for some years, one of my most fascinating studies. My chief authority concerning it has been Luther's life, with the history of the development of his principles in German theological discussion. Next after Dorner's great work on Protestant Theology, I have been assisted most by Prof. Sprecher's recent work. This volume is a window, offering a clear outlook into the heart of German theology, and I commend a studious position at this window to any who desire acquaintance with the best modern thought concerning the conditions of the peace of the soul."

Fatherland Books. Translations from the German, and among the best Sunday-school Library Books published.

The genuine religious sentiment, the touching pathos, the heartsomeness, as well as the dramatic interest of these stories of Hoffman, of Horn, and of kindred writers, are well-known to the German reader; and we trust by our translations to make *German* thought better known to the youthful English reader, whom we hope to familiarize with scenes and incidents of the Fatherland.

Vol I. Chaucer–Donne. $1.75.

Vol. II. Ben Jonson–Dryden. $1.75.

"A work of the very highest excellence, which promises to be a most valuable addition to the standard criticism of English literature."—THOMAS BAYNE, in "THE ACADEMY."

"It was a happy idea for a group of critics, each having some special knowledge of some special poet, to combine to teach the public what to choose and what to prize, amid those mines of English poetry, the wealth of which can never be exhausted, and when Mr. Matthew Arnold writes a general introduction for such a book, his name is of itself a sufficient guarantee that the work has been entrusted to competent hands. His essay is an acquisition to our critical literature; but that is simply to say that it is written by Mr. Arnold. Even when one has the misfortune to disagree with a writer who has shown, as much in his own poetry as in his criticisms, how sure is his instinct in fields where instinct alone can be sure, the fascination of his style—that style so delicate and yet so firm, so free at once from languor and from violence—is certain to be a satisfaction and a delight to any reader who is worth satisfying and delighting."—ATHENÆUM.

"These volumes are earnest of the satisfactory execution of an almost ideal literary scheme, description of which is itself nearly a sufficient characterization. According to the preface it is briefly 'to supply an admitted want—that of an anthology which may adequately represent the vast and varied field of English poetry——.' The marks of the present collection are its copiousness, which is as great as is consistent with critical selection; its comprehensiveness—it includes every name that is representative, or that can be called prominent for any reason; and its fund of criticism. This last is, so far as we remember, unique in an English work of this kind. Each poet is assigned to some critic specially qualified to write about him, and we have thus, before the selections of each, a biographical paragraph and a brief critique by an expert so to speak."—NEW YORK NATION.

"They are far above any others that have appeared, both in form and substance. . . . The editor of the present series has rightly seen that reading-books must 'aim chiefly at giving to the pupils the power of accurate, and, if possible, apt and skilful expression; at cultivating in them a good literary taste, and at arousing a desire for further reading.' This is done by taking care to select the extracts from true English classics, going up in Standard VI. course to Chaucer, Hooker, and Bacon, as well as Wordsworth, Macaulay, and Froude. . . . This is quite on the right track, and indicates justly the ideal which we ought to set before us."—GUARDIAN.

MACMILLAN'S CLASSICAL SERIES FOR COLLEGES AND SCHOOLS.

Being select portions of Greek and Latin authors, edited with Introductions and Notes at the end, by eminent scholars. The series is designed to supply first-rate text-books for the higher forms of Schools, having in view also the needs of Candidates for public examinations at the Universities and elsewhere. With this object the editors have endeavored to make the books as complete as possible, passing over no difficulties in the text, whether of construction or of allusion, and adding such information on points of Grammar and Philology as will lead students on in the paths of sound scholarship. Due attention moreover is paid to the different authors, in their relation to literature, and as throwing light upon ancient history, with the view of encouraging not only an accurate examination of the letter, but also a liberal and intelligent study of the spirit of the masters of Classical Literature.

The Books are clearly printed in 16mo, and uniformly bound in neat red cloth.

OF THE

National Temperance Society & Publication House,

No. 58 Reade St., New York.

Hon. WM. E. DODGE, *President.* | H. B. SPELMAN, *Treasurer.* | J. N. STEARNS, *Corresponding Sec'y & Publishing Agent.*

THE NATIONAL TEMPERANCE SOCIETY, organized in 1866 for the purpose of supplying a sound and able Temperance Literature, have already stereotyped and published over seven hundred publications of all sorts and sizes, from the one-page tract up to the bound volume of 1,000 pages. This list comprises Books, Tracts, and Pamphlets, containing Essays, Stories, Sermons, Arguments, Statistics, History, etc., upon every phase of the question. Special attention has been given to the department

FOR SUNDAY-SCHOOL LIBRARIES.

One hundred and five volumes have already been issued, written by some of the best authors in the land. These have been carefully examined and unanimously approved by the Publication Committee of the Society, representing the various religious denominations and temperance organizations of the country, which consists of the following members:

PETER CARTER,	REV. HALSEY MOORE,	J. B. DUNN, D.D.,	R. R. SINCLAIR,
W. T. SABINE, D.D.,	T. A. BROUWER,	REV. ALBERT G. LAWSON,	JAMES BLACK,
A. A. ROBBINS,	Rev. R. S. MACARTHUR,	REV. ALFRED TAYLOR,	J. N. STEARNS
	J. P. NEWMAN, D.D.		

These volumes have been cordially commended by leading clergymen of all denominations, and by various National and State bodies, all over the land.

The following is the list, which can be procured through the regular Sunday-school trade, or by sending direct to the rooms of the Society:

At Lion's Mouth. 12mo, 410 pp. By Mary Dwinell Chellis, - - - - - - **$1 25**

This is one of the best books ever issued, written in a simple yet thrilling and interesting style. It speaks boldly for the entire suppression of the liquor traffic, depicting vividly the misery and wrongs resulting from it. The Christian tone is most excellent, showing the necessity of God's grace in the heart to overcome temptation and the power of appetite, and the influence which one zealous Christian can exert upon his companions and the community.

Adopted. 18mo, 236 pp. By Mrs. E. J Richmond, author of "The McAllisters," **$0 60**

This book is written in an easy, pleasant style, seems to be true to nature, true to itself, and withal is full of the Gospel and Temperance.

Amid the Shadows. 12mo, 412 pp. By Mrs. M. F. Martin. - - - - - - **$1 25**

It is founded upon the facts of real life, and strikingly illustrates the utter wretchedness which intemperance begets alike among the poor and the wealthy, and also the power of the Gospel of Christ to reclaim and save. It embodies also a powerful plea for early and entire consecration to the religious life.

Andrew Douglass. 18mo, 232 pp., - **75**

A new temperance story for Sunday-schools, written in a lively, energetic, and popular style, adapted to the Sabbath-school and the family circle.

Aunt Dinah's Pledge. 12mo, 318 pp. By Mary Dwinell Chellis, - - - **1 25**

Aunt Dinah was an eminent Christian woman. Her pledge included swearing and smoking, as well as drinking. It saved her boys, who lived useful lives, and died happy; and by quiet, yet loving and persistent work, names of many others were added who seemed almost beyond hope of salvation.

Alice Grant; or, Faith and Temperance. 12mo, 352 pp. By Mrs. E. J. Richmond, **1 25**

The religious tone of this volume is most excellent, as well as the temperance lessons it conveys. THE FIRESIDE ENCYCLOPEDIA OF POETRY.

COLLECTED AND ARRANGED BY HENRY T. COATES.

Imp. 8vo, Cloth, extra, gilt side and edges,	**$ 5.00**
Half Calf, gilt,	**7.50**
Half Morocco, antique, gilt edges,	**7.50**
Turkey Morocco, antique, full gilt edges,	**10.00**
Tree Calf,	**12.00**

A collection of the best and brightest gems to be found in the whole field of English poetry, containing about 1400 poems by over 400 authors, English and American.

The work is furnished with an alphabetical index of the names of the poems, an index of authors, and also one of first lines, thus making the means of reference more thorough than in any other work of the kind. Explanatory and corroborative notes have been appended to the volume, and add greatly to its value.

"The editor shows a wide acquaintance with the most precious treasures of English verse, and has gathered the most admirable specimens of their ample wealth. Many pieces which have been passed by in previous collections hold a place of honor in the present volume, and will be heartily welcomed by the lovers of poetry as a delightful addition to their sources of enjoyment. It is a volume rich in solace, in entertainment, in inspiration, of which the possession may well be coveted by every lover of poetry. The pictorial illustrations of the work are in keeping with its poetical contents, and the beauty of the typographical execution entitles it to a place among the choicest ornaments of the library."—*New York Tribune.*

"Cyclopedias of poetry are numerous, but for sterling value of its contents for the library, or as a book of reference, no work of the kind will compare with this admirable volume of Mr. Coates. It takes the gems from many volumes, culling with rare skill and judgment."—*Chicago Inter-Ocean.*

"It will be years before any rival to 'The Fireside Encyclopedia of Poetry' will make its appearance."—*Cincinnati Times.*

"Works of this kind have previously appeared, but none could compare with it in comprehensiveness and finish."—*Chicago Times.*

"'The Fireside Encyclopedia of Poetry,' lately published in Philadelphia, is no careless gathering together of an undigested mass of scraps, but it is a comprehensive and carefully-arranged body of the best fruit of the best bards of both of the English-speaking peoples. The volume will be compared with others of a similar design, and it will bear the test. It is much more extensive, from the nature of the case, than the collections made by Whittier and Emerson, and it contains more than two hundred pages more than the one which bears the name of Mr. Bryant. It is about the same size as the collection of Fields and Whipple, but the arrangement of that volume is essentially different from that here adopted, and its price is greater. One of the points of this volume is its presenting every poem complete."—*Cambridge Tribune.*

"It is a very good collection, and has merits of its own which must command favor and patronage. Among these merits we commend: 1st, the topical arrangement of contents. This may not always be exactly correct according to the reader's idea, but certainly it is a more convenient arrangement for persons seeking poems on a given subject than any other; 2nd, the carefully prepared indexes, and 3d, the large, but none too large, space given to our American poets. The editor has done his work well, and whoever buys this book will provide himself a fireside companion worthy of all his leisure time for many an evening. The publishers have given their patrons a book which will be an ornament to their libraries or to their parlor tables. It is a book which will be a source of constant pleasure as well as profit to any one who may be fortunate enough to possess it."—*Watchman.*

"Lovers of good poetry will find this one of the richest collections ever made. All the best singers in our language are represented, and the selections are, generally, those which reveal their highest qualities. * * * The lights and shades, the finer play of thought and imagination belonging to individual authors, are brought out in this way (by the arrangement of poems under subject-headings) as they could not be under any other system. * * * We are deeply impressed with the keen appreciation of poetical worth, and also with the good taste manifested by the compiler."—*Churchman.*

CHRISTMAS CARDS.

The sample books of *Eyre & Spottiswoode's*, and *Thomas Stevens' Christmas Cards* for 1880, are now ready. Both lines are replete with novelties, and in variety and style of design, are superior to anything we have hitherto offered, while the prices are decidedly lower than last year.

Conspicuous in the line are:

EASEL CARDS, at very low prices;
HANDSOME CALENDARS, both cheap and fine;
MECHANICAL CARDS,
SILK CENTRED CHRISTMAS CARDS.

Our method of handling these goods, viz: *importing only such as we have positive orders for*, should commend itself to the trade, as it prevents the possibility of a surplus stock being thrown on the market just previous to the holidays at ruinous prices. The trade will serve their interests by inspecting our lines before placing their orders.

Pustet's neue Serie

von

Schönschreib-Heften mit deutschen Vorschriften

von dem

Professor der Kalligraphie der Universität zu Notre Dame, Indiana.

Für die deutschen Schulen hier zu Lande wurde schon längst das Bedürfniß gefühlt für eine systematisch bearbeitete Serie von Schreibheften, die zugleich als Leitfaden für den Unterricht im Schönschreiben dienen würde.

Um solchem Bedürfnisse abzuhelfen, wurde diese **„Systematische Anleitung zum Schönschreiben"** bearbeitet. Dieselbe geht von dem Standpunkte aus, daß der Schüler zuerst eine klare, geistige Vorstellung von dem Buchstaben und dessen Bestandtheilen haben muß, ehe er denselben auf dem Papiere darstellen kann.

Die Buchstaben werden darin nach den Schriftelementen analysirt und erklärt, folgen einander nach ihrer Abstammung und zwar so, daß auf jeder Seite gewöhnlich nur ein neuer Buchstabe erscheint, der jedoch sogleich mit den vorhergehenden in verschiedenen Wörtern angewandt wird; denn es wird vorausgesetzt, daß eine specielle Uebung in besonderen Uebungsbüchern nach der Taktirmethode vorgenommen wird.

Da die Schwerfälligkeit der Buchstaben und Ziffern, welche die meisten deutschen Schulvorschriften charakterisirt, dem Fortschritte des Schülers sehr nachtheilig ist, so haben wir uns in allem, was zufällig war, nach den besten Systemen englischer Autoren gerichtet, und glauben dadurch die Erlangung der englischen, sowie deutschen Handschrift erleichtert zu haben.

Die Linien sind so gestellt, daß die Kinder dadurch angeleitet werden, einen richtigen Maßstab einzuhalten, so daß die langen Buchstaben nicht mit denen der nächsten Zeile in Berührung kommen.

Um eine größere Auswahl zu liefern, sind acht Nummern bearbeitet worden. Das Wesentliche ist jedoch in den ersten vier Nummern enthalten, und mögen diese für manche Schulen genügen.

Inhalt der verschiedenen Hefte:

No. 1. { 1ste Hälfte. Kurze Buchstaben.
2te „ Buchstaben mit Oberlängen. (Dreitheiliger Maßstab.)

No. 2. { 1ste Hälfte. Buchstaben mit Oberlängen. (Viertheiliger Maßstab.)
2te „ Buchstaben mit Ober- und Unterlän en.

No. 3. Große Buchstaben. Einzelne Hauptwörter.

No. 4. Kürzere Sätze. Ziffern.

No. 5 und 6. Uebungen in Sätzen. (Kleinere Schrift.)

No. 7. Wörter mit verschiedenen Formen der großen Buchstaben.

No. 8. Geschäftsbriefe, Schuldscheine u. s. w.

Preis dieser Hefte ist trotz eleganter Ausstattung nur 85 Cents pro Dutzend. $9.00 pro Groß.

Von den günstigen Kritiken, die dieser mit großen Kosten hergestellten Serie schon zu Theil wurden, erwähne vor Allem diejenigen der zwei berühmtesten deutschen Pädagogen der Jetztzeit; des hochwürdigen Herrn Domcapitular A. K. Ohler in Mainz und des Domcapitular Dr. Albert Stöckl, Professor am bischöfl. Lyceum in Eichstätt:

Gesangbüchlein für katholische Kinder in den Ver. Staaten Amerika's. Herausgegeben von J. Singenberger, Musik-Professor. Mit 85 deutschen und 43 englischen Liedern. 32. 240 Seiten. Geb. $0.25, pro Dtz. $2.00

Ein bewährter Kritiker sagt in der Baltimorer „Volkszeitung" vom 8. Juni 1878 über dieses Büchlein: „Unter obigem Titel ist bei Friedrich Pustet soeben ein Gesangbüchlein herausgegeben worden, das sicher überall höchst willkommen sein wird, und worauf wir deßhalb etwas eingehender aufmerksam machen wollen. Es enthält 85 deutsche und 43 englische Schullieder für alle möglichen Anlässe: einstimmige, zweistimmige und, für fortgeschrittenere Kinder, 13 dreistimmige (theilweise vierstimmige), die aber alle auch einstimmig gesungen werden können. Es sind in die Sammlung aufgenommen: 23 der herrlichsten Volksweisen, dann Lieder von zweiundzwanzig der besten Schullieder-Componisten. Herr Singenberger selbst hat 24 Original-Compositionen geliefert, und so wieder einen neuen Beweis seiner rastlosen Thätigkeit gegeben. Der Text ist sowohl nach Inhalt als Form sehr gut. Namen, wie Heinrich Hoffmann v. Fallersleben, Christoph v. Schmid, J. Mohr ꝛc., bürgen allein schon dafür. Die Melodien, eine wie die andere, sind gesund, so daß sämmtliche Lieder ansprechen werden. Dazu kommt, daß die Verlagsbuchhandlung dem Büchlein ein sehr praktisches Format gegeben, einen schönen Druck besorgt und fast durchgehends alle Strophen unter die Noten gelegt hat. Sodann sind auch die verschiedenen dynamischen Zeichen und die Athmungszeichen überall mitgegeben. Diese wollen nun aber auch gut beobachtet werden, und so wird dieses Gesangbüchlein auch einem geordneten Gesangunterrichte in der Schule Vorschub leisten.

Endlich ist der Preis wahrhaftig billig, so billig, als er nur möglicher Weise sein kann. Retail das Stück 25 Cents, pro Dutzend $2.00. Wer sich zur Einführung desselben direkt an Herrn Pustet wendet, erhält 50 Prozent Rabatt.

Das Gesagte dürfte zur Genüge zeigen, wie empfehlenswerth das Gesangbüchlein ist, und wir können die Herren Lehrer versichern, daß dasselbe im höchsten Grade befriedigen wird und sie bei Einführung desselben den Kindern eine große Freude bereiten werden."

Greek and English Exercises, arranged according to the Greek Grammar of FR. SPIESS and M. SEIFFERT, by Dr. TH. BREITTER. Translated from the eleventh German Edition, with a Supplement containing Greek and English Exercises in Syntax, by Rev. JOS. RAINER, Professor in the Seminary of St. Francis of Sales, Wis. 12mo, 204 pages, well bound, 1.50

(*Vindicator*, October 5, 1878.)

The thanks of Catholic institutions are due to Mr. PUSTET, of New York, for his recent publication of a translation into English of the Latin Grammar of Dr. SCHULTZ. Mr. PUSTET has also published a translation of an exercise book by the same author.

The translation is due to the exertions of Rev. Gerhard, of the Seminary of St. Francis, who personally attended the good work, and spent a great part of his vacation in New York, correcting the proofs, etc. The grammar is printed in excellent style, and is a credit to the house of Mr. PUSTET.

Of the merits of Dr. SCHULTZ'S Grammar, it is unnecessary to speak. Professors who have subjected it to the test of daily use are unanimous in its praise.

We have little doubt that the translation, if brought to the notice of school and college officers, will have a wide sale. It is a far better manual than Young's, Andrews', Herkimer's, Bullions', or others recently published. Colleges about to adopt a text-book cannot do better than examine this work before they introduce any others.

OFFICE OF THE STATE SUPT. OF PUBLIC EDUCATION FOR
NEW ORLEANS, LA., Oct. 1, 1878.

Fr. Pustet, Esq., New York.

DEAR SIR:—Your favor of 16th inst. commands my thanks. SCHULTZ'S Latin Grammar and Latin Exercises are the productions of a master of the Latin tongue, and they cannot but render faithful students accurate and well-informed scholars. They are certainly worthy of a test,—use in our classical schools. Very respectfully yours,

ROBERT M. LUSHER, *State Supt.*

The high reputation which the Elementary Greek Grammar by Fr. Spiess has long enjoyed in the educational institutions of Germany, gave ground for supposing that it would prove a valuable addition to the school literature of this country, and, indeed, of other English-speaking countries as well. Under this impression, Mr. J. M. A. Schultheis, lately Professor in St. Mary's College, Marion Co., Ky., at the request of several Professors in American colleges, undertook to revise and translate it, and to make at the same time such additions, as, for the sake of greater accuracy and competency, seemed desirable, into English, in order that our American as well as other English-speaking Colleges and Universities might be able to avail themselves of it.

Although a year has not yet elapsed since its publication, we are already able to congratulate the translator on its success. Already its use has been adopted by seven of our leading colleges, and we have reason for believing that the number will considerably increase during the coming scholastic year; for the professors who have introduced it in their classes agree in the opinion, that for clearness, simplicity, and conciseness, it is without a rival among the Greek text-books heretofore published in this country.

The usefulness of Fr. Spiess's Grammar is further promoted by the Exercise Book which has been prepared and adapted by the Rev. Joseph Rainer, Professor in the Salesianum, near Milwaukee, expressly as a companion exercise-book for this Grammar.

The brief and simple description we have given of the excellence of Spiess's Grammar, and of its special usefulness to the Greek student, are abundantly confirmed by the criticisms of the contemporary press (and the testimony of Professors and others who have used it). Some extracts from a few of them we subjoin:

AN ELEMENTARY GRAMMAR OF THE GREEK LANGUAGE, etc.

In the publication of this volume there is not merely the addition of another book to the many already existing on the subject in our language, but much is done towards facilitating the study of Greek. Most of the grammars now in use, however systematic they may be in their way, are so full of matter that is irrelevant that although intended to teach the Greek language they seem to suppose a familiarity with it. Text-books ought to be simplified, and something ought to be left for the teacher to do besides listening to recitation. *We must say of the Grammar before us that it is the best elementary work on the subject that we have met with.* The author has rendered a great service to students of Greek, and will receive the thanks, we think, of every Professor that gives the work a thorough examination.

But a book whose necessity was still more felt, and which comes nearer to our ideal of a work of this kind than any other, is the "Greek and English Exercises," arranged according to the plan of the above, by Dr. T. Breitter, with a supplement containing Greek aud English Exercises by Rev. G. Rainer. It is to be regretted, however, that the vocabularies preceding the exercises are not continued throughout. *"Ave Maria,"* Notre Dame, Sept. 27th, 1879.

Two excellent school-books, which have, now, for some years, been used for laying the foundation of the Greek language in the largest and most celebrated educational institutions abroad, have been given an English form by their learned authors, Professors Rainer and Schultheis, in order to render them accessible to the schools of higher education in the United States. Although they have not long been published, they have already been adopted as text-books at St. Charles College, Ellicott City, Md.; Salesianum, Milwaukee Co., Wisc.; St. Vincents, Pa.; St. Canisius' College, Buffalo, N. Y.; St. Francis Solanus College, Quincy, Ills.; St. Joseph's College, Teutopolis, Ills.; St. Mary's College, St. Mary's, Ky.; and we have no doubt that Professors and Teachers of judgment, after a careful and unprejudiced examination, will prefer these valuable aids to the acquisition of the Greek language to any others of the kind.

Without entering into any detailed criticism, it will suffice to draw attention to their superiority in simplicity, clearness, accuracy, conciseness and arrangement, to other publications of the kind —to, for example, the, in so many regards, very valuable grammar of R. Kuhner.

FOR THE

SUNDAYS, HOLIDAYS AND FESTIVALS

THROUGHOUT THE ECCLESIASTICAL YEAR,

By Rev. LEONARD GOFFINE.

Translated from the latest German Edition of GEORGE OTT by Rev. GERARD M. PILZ, O.S.B.

With many Approbations of the most Rev. Archbishops and Bishops of the United States.

992 pages. Price bound in full cloth $2.50.

"It seems scarcely necessary to speak of the intrinsic value of this book. Goffine's Explanation of the Gospels and Epistles of the Ecclesiastical year has, since its first appearance, been a most popular and welcome, instructive and devotional book, not only among the Catholic laity but even among the clergy. It explains in a simple manner the doctrines of our holy Church, and her moral teachings; the holy sacraments; the ceremonies used in their administration, as also other ceremonies which accompany certain festivals of our Lord and the saints; thus enabling the reader to learn the spirit of our holy Church, as exhibited in the Ecclesiastical year.—The new English edition of this valuable book was carefully revised and improved by the translator. The explanations of the Gospels and Epistles were in many cases rendered more intelligible for the laity. All ceremonies and customs introduced in some parts of Germany but which are not according to the Roman Ritual are so noted or omitted. For the festivals of the patron saints of certain dioceses in Germany, festivals of saints more familiar to the English speaking Catholics are substituted, as, for instance, the feasts of Sts. Bridget, Columbkill, Laurence O'Toole, Malachy, Louis of France, Edward of Great Britain, and others.

To this edition is also added an interesting description of a Pilgrimage to the Holy Land, with many beautiful engravings showing the most sacred spots which our dear Lord sanctified by His presence while on earth.—Whilst the translator did not fail to improve the contents of the work in every respect, the publisher left nothing undone to make it a *very handsome and elegant book in regard to form, type and illustrations. The most of the engravings are masterly in their execution.*—We feel justified in saying that "*Goffine's Instructions were never published in a more beautiful style.*"

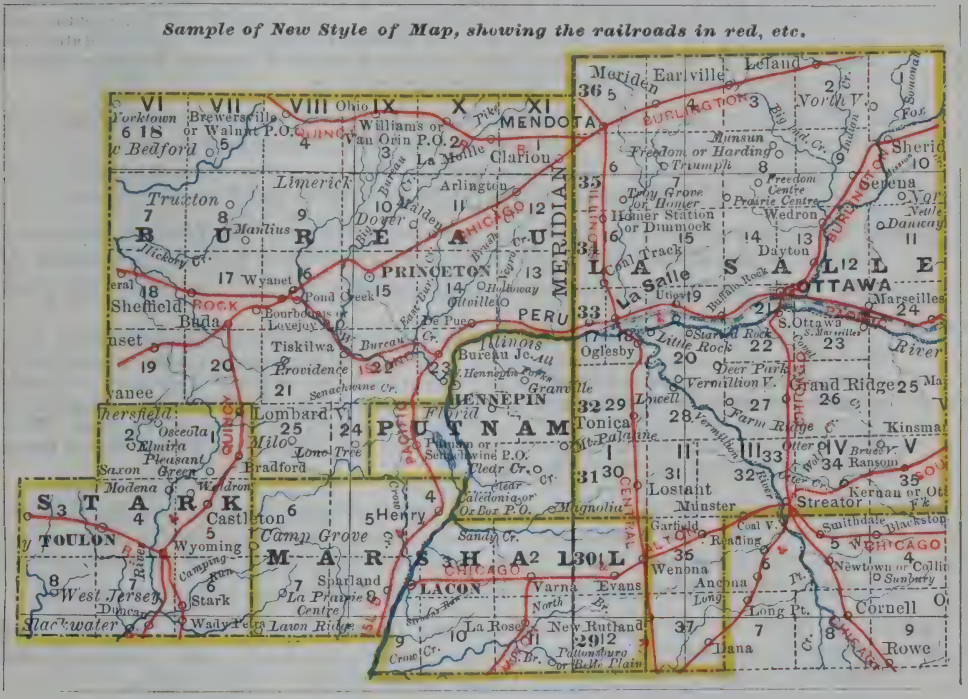
NEW REVERSIBLE

TOWNSHIP, COUNTY AND RAILROAD MAP



OF THE

NORTHWEST AND THE UNITED STATES.

The Map of the Northwest is compiled from the latest Government and Railroad Surveys; size 42 by 58 inches; extending from the eastern boundary of Ohio west to the Rocky Mountains, and from the southern boundary of Missouri north to Manitoba; printed in seven colors, showing the railroads in red, rivers and lakes in blue, State names in carmine, county boundaries in pink, yellow and green, and names of towns in black; mounted on rollers.

The Map of the United States, printed on the other side, in four colors, shows the *whole country* from Halifax to the Pacific Ocean, all the railroads up to date, and eight city maps, of New York, Boston, hiladelphia, Washington. Buffalo and Niagara Falls, Cincinnati, Chicago and St. Louis. It gives a brief history of each State and Territory, also the number of square miles in each, the agricultural and mineral products, population, State debt, rate of State taxation, value and number of miles of railroad, and other very valuable information.

Sample of New Style of Map, showing the railroads in red, etc.

THE CHICAGO TRIBUNE SAID OF THIS MAP:

"RAND, McNALLY & CO., Map Publishers, this city, have just issued a new township, county and railroad map of the Northwest, mounted on rollers, and embracing the territory from the State of Ohio west to the Rocky Mountains, and from the State of Missouri north to Manitoba. For accuracy, beauty, and clearness of execution, this is the finest map we have ever seen. It shows the railroads and names of the States in red; the rivers, creeks, and lakes in blue; and names of towns, counties, etc., in black—a blending of colors which gives the map an exceedingly handsome appearance. This is the first time a map so large has ever been published which shows the railroads in a separate color, thereby making it particularly useful to merchants and railroad and express companies."

VII.	The Witness from the Dead.		

Comprising a Series of Startling Events, occurring in Chicago, which for personal or other reasons, were partially or wholly suppressed from publication.

"Suppressed Sensations.—The experience of a newspaper reporter in a large city like Chicago is very varied. The public does not often know the whole of it. The vigilance of the city editor, a healthy fear of the law concerning libel, regard for the feelings of the living or the good name of the dead, or the want of full information, excludes from the press much that would be eagerly caught up if it could be printed. Objections to the publication of many of these "Sensations" can be avoided in one way—by using fictitious names. This plan has been tried in a volume entitled 'Suppressed Sensations, or, Leaves from the Note Book of a Chicago Reporter.' The result is a number of articles more thrilling than those which ordinarily get into the newspapers. The work has been well done. Much of it we know is authentic.—*Chicago Tribune.*

Cloth bound, copiously illustrated, price, $1.00.

TO BOOKSELLERS

THROUGHOUT THE UNITED STATES.

JEAN INGELOW'S WORKS.

Seventeen years ago, on the 11th day of August, 1863, there appeared in the *Boston Transcript* the following announcement: "In Press. Jean Ingelow's Poems. Roberts Brothers." The author was then unknown in America, and the name was supposed to be a pseudonyme.

From the beginning, our various issues of these poems have always been stamped AUTHOR'S EDITIONS, we have been in the most harmonious relations with her, and she has received from us her copyright semi-annually, precisely the same as though she were legally entitled to it. During that period we have paid her some

EIGHTEEN THOUSAND DOLLARS.

To the lasting credit of the entire fraternity of American Book Publishers, be it said, that Miss Ingelow's well-known wishes have been respected by them, and not one has ever attempted to interfere.

The honor (!) of violating her moral rights because the law does not protect her rests with one of her own countrymen. Will the Booksellers of the United States sanction a moral wrong by vending this unauthorized edition, or will they continue to show their admiration for this beloved authoress by favoring only the AUTHOR'S EDITIONS, issued by her own publishers?

REDUCED PRICES OF MISS INGELOW'S POEMS.

A Specimen Page from

A GUERNSEY LILY.

"What a brave, industrious creature a spider is!" she reflected. "Nursey once said that if you brush down a web and spoil it, the spider is n't a bit discouraged, but goes to work at once and spins another, and he gets the threads out of his own inside. How curiously it must feel to know that you have got a great ball of thread inside you!" Then she recollected the story of King Robert Bruce and the spider, which wove nine webs one after the other as fast as each was destroyed, and how the king took heart from watching this, and resolved on one more effort to free his people, though things were looking very dark and difficult just

they talked about the different countries as they stitched their way through them.

At nine they stopped work, and sung, as usual, before they went to bed. No one but Beth could get much music out of the old piano; but she had a way of softly touching the yellow keys, and

making a pleasant accompaniment to the simple songs they sung. Meg had a voice like a flute, and she and her mother led the little choir. Amy chirped like a cricket, and Jo wandered through the airs at her own sweet will, always coming out at the wrong place with a croak or a quaver that spoilt the most pensive tune. They had always done this from the time they could lisp

RETAIL PRICE.

$2.50. Suggestive Thoughts on Religious Subjects. A Dictionary of Quotations and Passages from the Best Writers, selected and analytically arranged by HENRY SOUTHGATE, editor of "Many Thoughts of Many Minds."

This work (which will be on the same plan as Mr. Southgate's previous and well-known Cyclopædias) is intended chiefly for the use of the clergy and other Christian teachers, and will include no passage which does not strictly bear out the promise of the title, and contain within itself the seed of earnest and fruitful thought.

The scope of the work will be catholic and liberal in the best and highest sense, and gleanings will be carefully made from every source likely to be helpful to the clergy in their difficult task of appealing to natures the most diverse, degrees of culture the most varied, and *habits* of thought the most opposed.
